SOFT SKILLS

I am an organized, responsible, creative, detail-oriented, proactive, and self-taught individual with excellent communication skills. I thrive in team environments and excel at skillfully managing tasks and organizing workgroups.

ABOUT ME

I am an architect with seven years of experience as a draftsman and excelling as a 3D modeler and renderist for the past five years. My professional approach is marked by a high level of precision, meticulous attention to detail, and a strong emphasis on organizational efficiency and time management.
